

IT'S HAPPENING AT STATE

October 31, 2001
NDSU

NDSU licenses identity and services management software

The NDSU Research Foundation and Hurderos Inc., with offices in Minneapolis and Fargo, have signed a technology transfer agreement for identity and services management software developed at the university.

The "Identification, Authentication, Authorization and Administration (IAAA)" software is a system used at NDSU to provide information technology services to the university, five other North Dakota institutions of higher education and 225 K-12 schools across the state, managing nearly 100,000 users. The software is designed to manage users' digital identities and provide services for those users on a network, the Internet or wide area network.

"We are licensing the software to a commercial entity who will develop it into a robust product and deliver it to the marketplace," said Dale Zetocha, foundation executive director. "This is leading-edge technology, and we think there could be significant interest among other companies and institutions."

Greg Wettstein, the NDSU information technology specialist who developed the concepts underlying the software, will be the chief technical officer and a principal in the new company. He describes the work as "core technology infrastructure" that identifies the user, authenticates that the person is who they say they are and then authorizes the user to receive approved services.

"This is the next generation of technology that will allow the Internet to truly deliver ubiquitous, secure, information services. It touches all aspects of how we receive information," said Wettstein, noting that the software shows how the state has been able to successfully leverage technology. "It will fundamentally determine who somebody is and what information services should be delivered to them."

T.J. Carter, chief operating officer of Hurderos, said, "I see this as an extraordinarily valuable technology. The company and product are still in a development stage, but early indications are that the market demand could be significant. This is core technology that could impact how everyone uses computing systems, and the fact that it originated in North Dakota would reflect very positively on the state."

NDSU administrators say they are pleased to reach the agreement and excited about the business opportunities that may come from it. "Intellectual capital plays a critical role in economic development. The university is a font of intellectual capital," said Philip Boudjouk, vice president for research, creative activities and technology transfer. "An important part of our mission as a university is to facilitate the transfer of our intellectual capital to a mechanism that will benefit the greater community. NDSU is continually looking for these types of arrangements, and our faculty and staff are key sources of useful technology that, in the right entrepreneurial hands, can lead to commercially significant enterprises."

For further information, contact Wettstein at 1-6320.

Residence halls invite trick-or-treaters

Residence Life invites area trick-or-treaters to an evening of fun activities and trick-or-treating in various residence halls from 6-8 p.m. Wednesday, Oct. 31. Participants should first stop at Burgum Hall near the corner of 12th Avenue North and University Drive for a map and information. For more information, contact Jennifer Aerni at 1-3231.

Alumnus fashions, donates bronze bison sculpture

Sander and President Chapman with
"Behemoth on the Prairie"

It is a stunning piece of artwork that its creator calls "just dumb luck."

"Behemoth on the Prairie," a bronze statue of a charging bison, was presented Oct. 19 to NDSU President Joseph A. Chapman by alumnus Dick Sander, BS '52, of Cameron Park, Calif.

The two-foot by one-foot statue is impressive in design and technique. "This is a spectacular piece. You have a remarkable talent," Chapman said as he received the work from Sander. "This is absolutely tremendous. It is very, very special."

What makes it even more remarkable is that it is Sander's first effort in bronze.

Trained as a mechanical engineer, Sander is a retired executive for Lockheed Martin Corp. Among his pastimes are working on projects in his three-car garage, where one bay is reserved for his many tools. Almost everyday, except when he's golfing, it is where you'll find Sander. It also is the place he gave birth to the "Behemoth."

"I had no training in bronze whatsoever," Sander said. "I guess I've always loved art and drawing since I was a little kid, but I never had time for it. Now I've got the time."

Sander had completed several wood pieces before, such as a beautiful carved bison he previously presented to the Alumni Center, and he's restored several cars. But, bronze artwork was something different to try.

His brother, S. Kurth Sander, was the instigator. "He sent me a book on bronze sculpture and the next thing I knew, I got 20 pounds of clay in the mail. I just started in on it," Sander said.

About 200 hours later, Sander was ready to send his clay model to the foundry. Cast in three pieces, the statue looks like the work of a gifted artisan.

Opting for a bison as the subject of his first bronze was a natural choice for Sander. He has loved NDSU since he used to sneak into the Bison football games as a 9-year-old.

"I learned quickly that if I carried a player's helmet for him, I could go right in. I got to see the game and not get thrown out right away," said Sander, who grew up in Fargo, about 1.5 miles from campus. "I've always identified with the Bison."

Sander would later become a four-year starter on the Bison football team, study mechanical engineering here and his passion for NDSU would blossom. "I love Fargo and I love this school. I had some wonderful professors who became great friends," said Sander, who is now a member of the NDSU Development Foundation board of trustees. "I identified with the people closely."

Sander's statue will be prominently displayed, perhaps in the new research building at the NDSU Research and Technology Park.

His talents also will soon be available for others to enjoy. Sander plans to make a new bronze of the "Behemoth" each year to be auctioned at the annual Bidders Bowl during Homecoming.

Nominations sought for Faculty Lectureship

Nominations are being sought for the 44th Faculty Lectureship, one of the most prestigious of the university's awards. Recognizing sustained professional excellence in teaching, scholarly achievement and service, the selection is made by faculty representing each NDSU college and the Graduate School. The 2002 Faculty Lecture is scheduled to be delivered at 7 p.m. Tuesday, April 9.

Faculty, administrators and students are welcome to submit nominations, which must include the following:

1. A nominating letter signed by one or more peers.
2. An up-to-date vita, including biographical data, present academic rank, previous positions held, institutions attended and degrees received.
3. Evidence of excellence in teaching, including the development of new courses or new methods, the awarding of grants for the purpose of instituting new courses or teaching methods, a summary of student evaluations and letters from graduates.
4. Evidence of scholarly or artistic achievements, including grants or patents received while at NDSU, publications or creative works (plays, music, poetry, stories, books, art forms, bulletins, technical writings, etc.), papers or displays presented at professional meetings and honor societies to which the nominee belongs.
5. A summary of administrative and service activities, including positions held, administrative responsibilities and noteworthy leadership while serving on university committees, working in public service and participation in professional organizations.

Eight bound copies of the nominating information should be submitted to James Wigtil, Faculty Lectureship committee chair, Burgum Family Life Center 210F, by Dec. 19.

Selection committee members are Wigtil, professor and chair of the School of Education; William Bleier, professor and chair of biological sciences; Norma Kiser-Larson, assistant professor of nursing; William Cosgrove, professor of English; Terry Knoepfle, associate professor of business administration; Harriet Light, professor of child development and family services; G. Padmanabhan, professor and chair of civil engineering; and James Tilton, interim chair of animal and range sciences.

Flex benefits, life insurance enrollment

Faculty and staff are encouraged to enroll in the flexible benefits plan for the 2002 plan year. The plan allows tax savings on monthly expenses such as dependent care and medical-related expenses not covered by insurance.

Employees will receive information packets regarding enrollment. Enrollment deadline is Friday, Nov. 30.

Faculty and staff holding the state term life insurance coverage offered through payroll deduction also may apply for a policy increase during November. For more information regarding your current coverage or for the application forms to increase insurance, contact the Office of Human Resources at 1-8961. Forms also are available in Old Main 205.

For more information, contact Lyn Pletta in the Office of Human Resources at 1-8965 or lyn.pletta@ndsu.nodak.edu.

EPSCoR announces undergraduate summer research opportunity

Advanced Undergraduate Research Awards (AURA) provide undergraduate students the opportunity to participate in faculty-mentored research. The program's goal is to encourage undergraduate students to attend graduate school and pursue a career in science, engineering or mathematics research.

Sponsored by North Dakota EPSCoR, AURA provides undergraduate students up to \$2,500 and the opportunity to work for eight to 10 weeks during the summer at NDSU and the University of North Dakota. Competing students submit applications based on research topics submitted each fall by faculty from the sciences, engineering and mathematics. A faculty review committee ranks each application, and awards are given directly to the winners. North Dakota residents and students enrolled at North Dakota University System institutions are eligible.

Up to 10 awards may be made on each research campus, depending on fund availability. Applications are due by noon Nov. 30, and forms are available on the EPSCoR web page at www.ndsu.nodak.edu/epscor/science_outreach.

For more information contact David Givers, assistant project director, at 1-7516 or david.givers@ndsu.nodak.edu.

Library offers JSTOR e-journals seminar

NDSU Libraries has scheduled a hands-on JSTOR e-journals seminar for noon Friday, Nov. 9, in the Main Library 202 cluster. The 50-minute session will include an overview, live demo, linking tools usage and other features.

JSTOR is a nonprofit digital-archiving organization that collects, scans and offers e-journal equivalents for full runs of scholarly journals. NDSU currently has access to more than 150 major research titles in a broad range of subject areas including anthropology, botany, ecology, economics, education, finance, general science, history, literature, mathematics, political science, sociology and statistics. Archive material dates back to the 17th century and provides access to millions of pages.

For more information or to register, contact Derek Jorgenson at 1-6534.

Statistical consulting available

The Department of Statistics and Information Technology Services are offering statistical consulting for the 2001-02 academic year. The service is available at no charge to all faculty, staff and students needing help with the statistical aspects of their research, such as the planning of a study, data organization and set-up, data analysis and communication of the results.

Questions regarding the kinds of services available should be directed to Curt Doetkott, research analyst, at 1-7031 or Curt.Doetkott@ndsu.nodak.edu. Appointments can be made by calling either the Statistics Consulting Lab at 1-1077 or Doetkott. Drop-ins to IACC 210 also are welcome.

Regional studies Web site features local photographers

The Institute for Regional Studies has developed a Web site, "Photographers of Fargo, North Dakota" documenting photographers who worked in Fargo from 1879-1979. The site is located at www.lib.ndsu.nodak.edu/ndirs/exhibitions/photographers.html.

The site features more than 100 photographers who practiced their trade and helped document the development and people of Fargo and the region. Institute staff started the project while working with the more than 50,000 photographic images preserved in its archives.

The project's lead researcher was John Hallberg, archives associate, who researched numerous sources to compile data on individual photographers, location of the business, time period of business and a number of early articles on the photographers. Portraits of the photographers and images of studio logos also are included when available. The site was designed by William Gardner, NDSU Libraries Web support specialist.

The institute welcomes comments from the public regarding the site and additional information on individual photographers. For more information, contact Hallberg at 1-8914 or John Bye, university archivist, at 1-8877.

People

Neas receives distinguished service award

Neas

Bob Neas, director of financial aid, received the Distinguished Service Award from the Rocky Mountain Association of Student Financial Aid Administrators at its regional conference held recently in Wichita, Kan.

Neas was recognized by the association for outstanding achievements and personal contributions to the financial aid profession and the association. Recommendations for the awards are made by peers, with winners selected by the association's president. The awards are presented at the association's annual conference.

Neas has served on the Rocky Mountain Association's board for the past three years. He also has served on the Summer Institute and Professional Development committees, and has been a regional trainer. He has served as president, treasurer and chair of the Professional Development committee for the state association, as well.

The Rocky Mountain regional association has approximately 300 members in eight states. One other person in the Rocky Mountain Association also received an award this year.

Hagen receives Air Force ROTC Civilian of the Quarter award

Jean Hagen, administrative secretary in aerospace studies, has been named national Civilian of the Quarter for July-September by the Air Force ROTC. Only four people across the country receive the honor each year.

She was nominated by Col. Clark Wigley, commander of NDSU's Air Force ROTC Detachment 610, who said, "Jean is being recognized for her commitment to Air Force ROTC and her willingness to go the extra mile in helping prepare future leaders in the world's best air force. She has established herself as a person who can be counted on as not only a top administrator, but as a steadfast advocate for NDSU."

Hagen received the award after competing against 143 ROTC detachments nationwide.

Biological sciences faculty and student presentations

Mary Stewart, assistant professor of biological sciences, and Helene Barcelo, doctoral student in cellular and molecular biology, presented research results at the Midwest Drosophila Conference Oct. 19-20 in Allerton Park, Ill.

Barcelo presented a poster titled "Genetic Screen for Members of the Insulin-Like Pathway in Drosophila Melanogaster," co-authored by Stewart. Barcelo's research focused on understanding cell growth.

Stewart presented a poster titled "Developmental Expression of Bys: a Drosophila Gene with a Potential Role in Cell Adhesion." The poster was co-authored by biological sciences undergraduate student Erik Nordquist. The research focused on the use of model organisms to study the function of a gene that has been implicated in mammalian fertility.

Wilkinson to retire from Career Center

Wilkinson

Larry Wilkinson, Career Center assistant director, will retire Oct. 31 after more than 33 years of service.

Wilkinson served as Career Center director from 1975 to 1993, and later became assistant director during a reorganization of North Dakota Job Service and the Career Center. The Career Center now operates in conjunction with North Dakota Job Service. He was instrumental in converting the paper registration system to the current Web-based electronic system.

Before coming to NDSU, Wilkinson was an interviewer with the North Dakota State Employment Bureau, and placement director for teacher placement at the University of North Dakota. He also was a pilot in the U.S. Air Force from 1964-1967.

Wilkinson has a bachelor's degree in business economics and mathematics from NDSU. He lives in Fargo and has three grown children.

A reception was held Oct. 23.

Communication faculty publications listed

Recent publications from communications department faculty include the following.

Tim Sellnow, professor of communication, and Jeff Brand, associate professor of communication at Millikin University, Decatur, Ill., published "Establishing the Structure of Reality for an Industry: Model and Anti-Model Arguments as Advocacy in Nike's Crisis Communication," in the August issue of the *Journal of Applied Communication Research*.

Sellnow and Matthew Seeger, associate professor of communication at Wayne State University, published "Exploring the Boundaries of Crisis Communication: The Case of the 1997 Red River Valley Flood," in the summer edition of *Communication Studies*.

Paul Nelson, professor and chair of communication, and Judy Pearson, professor and associate dean of communication, published "Confidence in Public Speaking," in *Telecourse 7th Edition*.

Events

English department seminar scheduled

R.S. Krishnan, professor of English, is scheduled to present "Paradigm Lost: V.S. Naipaul's 'A Bend in the River' and the Politics of Postcolonialism" at 3:30 p.m. Wednesday, Oct. 31, in Minard 204.

Krishnan will discuss Naipaul's explanation of the contradiction between exile and nation, which manifests itself through discussion of the socio-political relation between the colonizer and the colonized, between the politics of anti-and postcolonial eras, and how culturally symbolic acts become an issue of politics rather than paradigm.

The seminar is open to all faculty and staff, and refreshments will be served. For more information contact Bill Cosgrove, professor of English, at 1-7147, or bill.cosgrove@ndsu.nodak.edu.

Indian Taco Day scheduled

The NDSU Native American Student Association and American Indian Science and Engineering chapter have scheduled their annual fund-raising event, "Indian Taco Day III," for 11 a.m.-1 p.m. Friday, Nov. 9, at the NDSU Alumni Center.

Indian tacos and all the fixings will be made by members of both groups. Items also are available for carry out. Advance tickets are required and are available through Tuesday, Nov. 6, in the Multicultural Student Services office in Ceres 302, or at the Memorial Union Gallery. Ticket prices are \$5 for tacos and \$2.50 for fry bread.

For more information, contact David Strange Owl at dsowl@hotmail.com, Kelly Keith-Miller at tiggerdragon@hotmail.com or Peg Furshong at Peg.Furshong@ndsu.nodak.edu.

NDSU to present documentaries on U.S. presidents

NDSU is one of 20 pilot sites across the country that have been selected to present "Presidents, Politics and Power: American Presidents Who Shaped the 20th Century." Funded through a grant by the National Endowment for the Humanities and the American Library Association, highlights of six award-winning documentaries will be shown on consecutive Sundays in January, February and March.

The free sessions will be held at 1:30 p.m. Sundays, Jan. 27-March 3, in the NDSU Main Library Multi-Purpose Rooms (110A and 110B). The sessions will feature Theodore Roosevelt on Jan. 27, Franklin D. Roosevelt on Feb. 3, Harry S. Truman on Feb. 10, Lyndon B. Johnson on Feb. 17, Richard M. Nixon on Feb. 24 and Ronald W. Reagan on March 3.

Larry Peterson, professor and chair of history, will be the lead scholar for the two-hour sessions, while Michael Robinson, archivist, is the liaison for the project.

"These videos highlight the ongoing nature of the presidency, what we look for in a president and what contributes to presidential success or failure," Peterson said. "They explore how the various presidents used their powers to try to forward their agendas. It's going to be exciting."

Robinson describes the documentaries as close looks at six presidents who had a major influence on shaping the 20th century. "A number of issues that confronted early presidents are still relevant today in our current situation and the issues that our president faces now," he said, noting one of the major goals of the program is to stimulate discussions about those issues.

Both Peterson and Robinson are available to speak to service clubs and fraternal organizations about the upcoming video events. "These presentations are open to the Fargo-Moorhead community. Since the U.S. presidency is under such scrutiny now, it may be interesting for various clubs and organizations to send representatives to see them," Robinson said. "We want to open this to as wide an audience as possible outside the Tri-College grouping."

Peterson said he is hopeful the sessions will attract people in all age groups. "We'd like people to talk about their own experiences and their own perceptions of the presidents' triumphs or failures," he said.

For more information, contact Peterson at 1-8824 or larry.r.peterson@ndsu.nodak.edu or Robinson at 1-1017 or michael.robinson@ndsu.nodak.edu.

Brown Bag seminar to address sexual harassment

The YMCA of NDSU has scheduled a Brown Bag seminar, "Sexual Harassment?-Insuring a Healthy Campus Climate," for noon Wednesday, Nov. 14, in the Memorial Union Peace Garden Room.

Sandra Holbrook, equal opportunity director, will discuss safety in the classroom, residence hall and campus workplace, focusing on behaviors, attitudes and NDSU policies.

The seminar is co-sponsored by Women's Studies.

Swenson exhibition on display

"Utilitarian Ceramics," an exhibition of recent ceramic works by David Swenson, assistant professor of art, is currently showing at Atomic Coffee, Moorhead.

"As a ceramic artist I have sought to incorporate forms associated with architecture and the human body to produce pieces that are utilitarian and aesthetically satisfying," said Swenson. "My work is made by hand pressing or slip casting clay into a mold, which enables me to attain a more unique product."

All of Swenson's pieces are safe for use in the dishwasher, microwave and oven.

Swenson has been a member of the NDSU art faculty since 1994. He previously taught at St. John's University, the University of Minnesota and in the Minnesota Museum of American Art's After School Art Program in St. Paul. He also has served as an artist/mentor with the Five Wings art program at the Minnesota Center for Arts Education and as an artist in corrections at the Lino Lakes Correctional Facility.

The exhibition will be on display through Nov. 10.

Lively Arts Series to present 'Late Night Catechism'

"Late Night Catechism," a humorous interactive theater production, is scheduled for 7 p.m. Wednesday, Nov. 14, in Festival Concert Hall.

The production features Sister teaching a catechism class to a roomful of "students" (the audience), and explains religious references in lighthearted ways.

Audience members are taken back—sometimes nostalgically; sometimes fearfully—to their childhood. Over the course of the play, Sister goes from benevolent instructor, rewarding the "students" for correct answers with glow-in-the-dark rosaries and laminated saint cards, to authoritative drill sergeant.

Ticket prices are \$13 for adults, \$10 for seniors and NDSU employees, \$7 for children and \$6 for NDSU students. Tickets are available at the Memorial Union Ticket Office, any TicketMaster outlet, or by calling 1-8458.

North Dakota landscapes on display in President's Gallery

"North Dakota Landscapes," an exhibit of new works by Kimble Bromley, associate professor of art, will be displayed in the President's Gallery through Jan. 31.

The President's Gallery is located on the first floor of Old Main. Gallery hours are 8 a.m.-5 p.m., Monday-Friday. For more information contact the Memorial Union Gallery at 1-7900.

Shorts and Reminders

Food production management meal

"A taste of Italian" meal is scheduled for noon Tuesday, Nov. 6, in the lower level of West Dining Center. The menu includes zesty Italian soup, French bread pizza, antipasto salad and angel food cake with toppings. Cost of the meal is \$5.60, or free to those on a meal plan. Reservations may be made by calling 1-7023, or students may sign up at the West Dining Center checkstand.

Union Food Court specials for Oct. 31-Nov. 7

Soup of the day

Wednesday: Italian and chicken dumpling
Thursday: chicken noodle and cream of broccoli
Friday: baked potato and navy bean
Monday: lentil and corn chowder
Tuesday: Wisconsin cheese and chicken noodle
Wednesday: meatball and turkey rice

The Corner Deli

Wednesday: ham
Thursday: pastrami
Friday: chicken
Monday: ham
Tuesday: roast beef
Wednesday: chicken Caesar wrap

A La Carte

Wednesday: hand-carved roast beef
Thursday: pepper steak
Friday: taco salad
Monday: meat lasagna
Tuesday: chicken fried steak
Wednesday: sweet and sour pork

Pizza Express

Wednesday: once around the kitchen
Thursday: bacon cheeseburger
Friday: taco
Monday: barbecue shredded beef
Tuesday: southwestern chicken
Wednesday: farmhouse

*Items are subject to change without notice.

Call the Dining Services Lunch Line at 1-9501 to check out all of our daily specials. Questions or comments may be dropped in the suggestion boxes located in each dining center and the Union Food Court or call Kristina at the Union Buffet at 1-8122.

Positions available

Positions open and screening dates through the Office of Human Resources, Room 205, Old Main:

Calendar

October

Through Nov. 19 Native American Student Association—"Powwow: Native American Celebration" exhibit. Fine craft demonstrations 10 a.m.-4 p.m. Thursdays and 10 a.m.-6 p.m. Fridays, Alumni Lounge.

- 31 YMCA of NDSU—Brown Bag seminar, "Your American Indian Heritage: What Every Native Person Should Know," noon-1 p.m., Memorial Union Peace Garden Room
- 31 Soil Science—James Staricka, associate soil scientist, "The WREC Annual Legume Study and Other Projects," 3 p.m., Walster 217

November

- 1-3 Little Country Theater production of "The Importance of Being Earnest," 7:30 p.m. Friday-Saturday; 2 p.m. Sunday, Askanase Auditorium. For tickets, call the Division of Fine Arts Box Office at 1-9442.
- 1 Entomology—Brian Wisenden, Minnesota State University Moorhead, "Scents of Danger: Assessment of Predation Risk by Aquatic Animals," 1 p.m., Northern Crop Science Laboratory conference room
- 2-3 NDSU Theater Department—Upper Midwest High School Theater Conference, Askanase Hall
- 2 Office of Admission—Discover NDSU, 9 a.m. and 1 p.m., Memorial Union, third floor
- 2 Harvest Bowl dinner, 6 p.m., Fargo Holiday Inn
- 2 Plant Science graduate seminar—Nadejda Krashenninnik, "Physical versus Molecular Mapping," 3:30 p.m., Loftsgard 114
- 2 Animal and Range Sciences—Connie O'Brien, graduate student, "Impact of Bio-Control on Leafy Spurge in Southwestern North Dakota," 3:30 p.m., Hultz 104
- 2 Native American Student Association—"Powwow: Native American Celebration" reception and performances, 4-6 p.m., Memorial Union Gallery.
- 3 Office of Admission—Discover NDSU, 9 a.m. and 1 p.m., Memorial Union, third floor
- 3 Football vs. University of Nebraska-Omaha (Harvest Bowl), 1:30 p.m., Fargodome
- 3-4 Fall Baroque Festival featuring the NDSU Concert Choir—Handel's Messiah, 7:30 p.m. Saturday and 2 p.m. Sunday, Festival Concert Hall. Tickets are \$15 for adults, \$12 for seniors and \$8 for students.
- 6 Volleyball vs. University of North Dakota, 7 p.m., Bentson Bunker Fieldhouse
- 7-14 Baccalaureate exhibition—Marla Yellow Bird, 10 a.m.-5 p.m., Monday-Friday, Reineke Visual Arts Gallery

- 7 Pharmacy and Nursing Career Fair, 10 a.m.-2 p.m. and 3:30-5 p.m., Fargodome. Scholarship recognition program, 2-3:30 p.m., Fargodome.
- 7 YMCA of NDSU—Brown Bag seminar, "Terrorism Attack on the United States," noon, Memorial Union Prairie Rose Room
- 8 Woodwind Chamber Night, 7:30 p.m., Beckwith Recital Hall. Free admission.
- 8 Entomology—Jeff Vaughan, UND, "Mosquito-borne Parasites Can Facilitate the Transmission of Mosquito-borne Viruses," 1 p.m., Northern Crop Science Laboratory conference room
- 9 Plant Science graduate seminar—Ines Rothe, "Consequences of Biodiversity for Agriculture and Natural Ecosystems," 3:30 p.m., Loftsgard 114
- 9 Volleyball vs. National American, 7 p.m., Bentson Bunker Fieldhouse
- 10 Marla Yellow Bird exhibition reception, 7:30-8:30 p.m., Reineke Visual Arts Gallery
- 12 Veteran's Day holiday; university closed
- 14 YMCA of NDSU—Brown Bag seminar, "Sexual Harassment? Insuring a Healthy Campus Climate," noon, Memorial Union Peace Garden Room
- 14 Lively Arts Series performance, "Late Night Catechism," 7 p.m., Festival Concert Hall. Tickets available by calling 1-8458
- 15 Entomology—Larry Charlet, USDA-ARS, Fargo, "Sunflower Entomology: The Challenge of Developing Management Strategies for Native Insect Pests," 1 p.m., Northern Crop Science Laboratory conference room
- 15 Faculty Jazztet Concert, 7:30 p.m., Beckwith Recital Hall. Free admission.
- 16 Jazz Combos Concert, 7:30 p.m., Beckwith Recital Hall. Free admission.
- 16 Plant Science graduate seminar—Guillermo VanBecelaere, "Phenotypic versus Marker Assisted Selection," 3:30 p.m., Loftsgard 114
- 16-21 Baccalaureate exhibition—Lottie Young, 10 a.m.-5 p.m., Monday-Friday, Reineke Visual Arts Gallery
- 18 Lottie Young exhibition reception, 1:30-2:30 p.m., Reineke Visual Arts Gallery
- 21-Dec. 19 Student Art Society—NDSU Juried Student Exhibition. Reception 4-6 p.m. Wednesday, Nov. 21, Memorial Union Gallery
- 22 Thanksgiving Day holiday, university closed
- 26-Dec. 3 Baccalaureate exhibition—Brian Walker, 10 a.m.-5 p.m., Monday-Friday, Reineke Visual Arts Gallery
- 28 YMCA of NDSU—Brown Bag seminar, "Facing AIDS: Struggles of Women and Their Families," noon-1 p.m., Memorial Union Peace Garden Room

- 30 Plant Science graduate seminar—Chad Ingeman,
“Real Use of GPS in Weed Science,” 3:30 p.m.,
Loftsgard 114 (rescheduled)

December

- 3 Brian Walker exhibition reception, 4:30-5:30 p.m.,
Reineke Visual Arts Gallery
- 7 Plant Science graduate seminar—Dwain Meyer,
“Recent Advances in Alfalfa Management,”
3:30 p.m., Loftsgard 114 (rescheduled)
- 14 Plant Science graduate seminar—Shahryar Kianian,
“Wheat Germplasm Enhancement,” 3:30 p.m.,
Loftsgard 114 (rescheduled)
